

TO USE THE BEST BOTTOM PAINT IN THE WORLD, START WITH COPPER PRO™ SCX™ 67.

In their 2005 Bottom Paint Testing Challenge (March 2005), Powerboat Reports® & Practical Sailor® magazine intensely tested 54 different bottom paints from 9 different companies, each product coating panels in the intense fouling conditions of Key Largo, Florida. After careful consideration, the coating experts gave Blue Water Marine Paint® Copper Pro™ SCX™ 67 – with Slime Control Xtra a rating of “EXCELLENT”.

Also, Copper Pro™ SCX™ 67 was also rated as the “BEST BUY” by a comparison of retail prices available in the marketplace.* Here is a comparison of the highest copper products for each of the leading brands:
